Re: 2022-2023 NCAJ High School Mock Trial Competition Case

- Case Clarification #2 and General Statement

Case Clarification #2

Please note that there **is** a discrepancy in Dr. Patel's work experience and his Curriculum Vitae (C.V.). In Dr. Patel's affidavit it is clear that the editorial work was done in 2021 (Bed Bug Chapter in The Handbook of Investigative Dermatology, 10th Edition) in 2021 (Page 27, Line 14). Dr. Patel's C.V. has been corrected to indicate that his editorial work was done in 2021 rather than 2010.

General Statement

The Case Committee has no clarification regarding the status of the bed bugs in Dr. Patel's office.
